## 100 years of tradition – quality "Made in Germany"

HOFMANN Maschinenfabrik is a family-run, medium-sized company with a 100 years of tradition. 100 years of know-how and quality in the field of development and production of woodworking machines.

Our machines are produced exclusively in Germany, in the heart of the idyllic Franconia Bad Windsheim. For the production of our machines we only use high quality materials from renowned suppliers. These materials are processed and assembled by our committed employees in modern production facilities. The machines only leave after several quality controls the house and are delivered to the customer - worldwide.

Whether planing, drilling or milling, at HOFMANN you are always well advised.

## Spindle moulder TFS 107

TFS 107 in basic configuration with table 1.2 m

TFS 107 with options with table 2 m

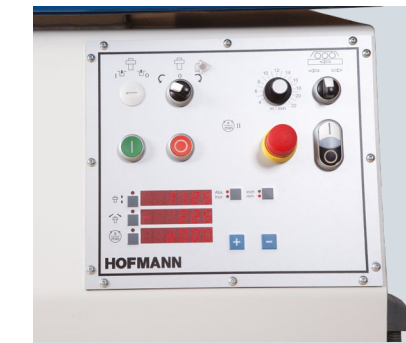

TFS 107 with options with table 2.7 m

## Highlights

Solid spindle moulder at an affordable price

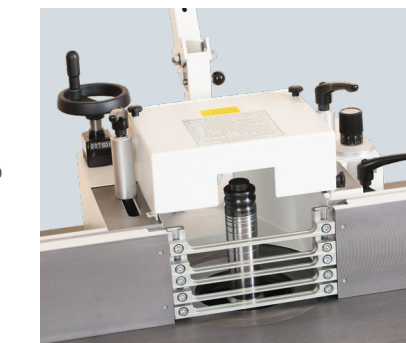

Control panel in basic configuration

Control panel with variable spindle speed – with option of gradual feed speed

Optional: Console on top

Fence type 2601 efficient with cast bolsters, safety rulers

Fence type 2601 efficient with Aigner integral bolster

Fräsanschlag Typ 2601 with LCD display
